Friday

Dear Mr. Shibaev,

I read your kind note to my husband about the cherries. Would you please cause two baskets cherries to be sent weekly Saturdays & Wednesdays, as long as the cherries last, as they are most delicious & much enjoyed by our dozen guests.

The bearer of this note, Odoo, will call Friday & Tuesday evenings to receive the baskets to bring on here next morning. His home is somewhere at Naggar. My husband has left for India for pleasure. He has communicated your message about the photo graphs etc to the Taysons & on return will write you on this matter. He was in raptures

about the excellent lunch you provided for Col. Mahon & party on your joint excursion to Tulu the other day, & specially commended the appetizing little stoup, soup & cherry jam.

With sincerest & heartiest greetings to you all, & I specially pray the present dry & hot weather is not too great a strain on Madame de Puerich's delicate health.

Very Sincerely yrs.
Mr. M^cCallagh
