Miss. Lichmann,

Dear Madam,

We have been requested by Mrs. Mahon to send you three pairs of lightning slide fasteners, length about 12 to 13 inches.

Unfortunately at the present time we have not this length in stock, and although we tried to exchange three pairs of longer ones with other firms locally, they also were out. We have therefore despatched by to-day's post, three pairs 15" long, which we trust will be satisfactory. However, should these not be to your requirements we will be only too pleased to accept them back. We are constantly ordering fresh supplies of these out from Home, and should you particularly require 12", we would be only too pleased to order out this length specially.

Assuring you of our best attention at all times,

Yours faithfully,  
for F.H.Pitman & Co.Ltd.
