Dear Miss Grant.

A hurried line at 1 AM before I leave at 8.

First, thank you so much for coming to see me.

Secondly, may I ask again that you do not discuss with "Chaika" the matters we spoke of as coming from me. They did not come from me except in one instance, but were the outcome of my talk with her plus my talk with Dean Blanshard (Of Swarthmore). I do hope you will see Mrs. Blanshard and get things cleared up for Chaika's sake.

I will phone her or see her (Mrs. B.) tomorrow at Swarthmore and say I am thoroly satisfied with matters and quite willing to have Anne continue with the group.

I will also phone Chaika and tell her I saw you and Mrs. Hoche in the latter of whom I made most excellent reports of her (C's) work. About my interview with you I will say frankly that I questioned you as to the preparational background and found things satisfactory, save in a minor thing or two which you may care to make up with her. All her influence has been good as far as I can ascertain. My only thought is that ^{she} may possibly exaggerate or dramatize her own development in order to capture the imagination. Very sincerely

Ruth A. Redheffer.
