My dear Miss Lichtman.

Last year
you were kind enough to send
us those delightful and illuminating
photos of the people that are
surrounding you and this Xmas,
one year later, I write to thank
you for them. I had hoped to
see you here this Xmas but

your faculty now and
I have the dearest little
group of five children
that I am teaching clay
modeling to. My work
is going exceedingly well

children each week.

When you return

is studying with Mr. Bernet
at the Master Institute &
up to now has done very
poorly. At last, she is
making up and I
hope she will continue
now to progress. We
missed you very much
indeed not only for the
lessons but for the
spiritual guidance you
were giving George.
As you, no doubt,

Miss Estha Lichtman,

about it.

Now, my dear Miss
Lichtman, I shall close
