Dear Friends:

Once again has come to my attention your beautiful volume DELPHIAN TEXT, Part 5, in which you have reproduced three of the paintings of our Hon. President, Prof. Nicholas Roerich, together with a beautifully written article on his work.

On October 10, 1937, will be celebrated the 40th Anniversary of his academicianship and the 50th Anniversary of his artistic, scientific, and literary activities. In connection with our preparations for this day, we are eager to display your book, above mentioned, to our many friends who will be assembled, should you care to present one for this occasion. Should it be possible for you to present two copies, the second would go to the library of the Himalayan Research Institute, Urusvati, founded by Prof. Roerich, in commemoration of this day.

I should be pleased to know the name and address of the person who wrote the article on Prof. Roerich, it is excellently done.

Under separate cover I am pleased to send to you our first little booklet, by the eminent Latvian writer Richard Rudzitis, CULTURE. Within its covers you will find a brief statement of the ideals and purposes of FLAMMA, and I hope we shall be brought closer together in the interest of the advancement of culture. Should you wish more of the booklets I will be happy to send them to you.

Very truly yours,
FLAMMA, Inc.

THE DELPHIAN SOCIETY

Dear Mr. Brown:

We wish to take this occasion to express to you our deep appreciation of your kindness in sending to us the four volumes of your Text, which we have received.

Two of the volumes have been forwarded to Professor Roerich for the library of Urusvati Himalayan Research Institute. Owing to the time required for mail to reach there, we can expect no acknowledgement of their receipt in less than two months. However we assure you that they will be delighted to receive these beautiful volumes for their shelves.

We regret that the first copy of CULTURE did not reach you and have sent another earlier this week, which we hope arrives without delay. We will be very happy to receive your thoughts on the booklet and will forward as many as you may have need for.

We would be glad to receive any literature you may have on the work of the DELPHIAN SOCIETY and one of our friends wishes to know how many volumes make up your complete Text and their cost per volume.

Your best wishes for the success of this day and your contribution towards that success is gratefully acknowledged by,

Yours very sincerely,
FLAMMA, Inc.
