New York, N.Y.

Dear Major Stokes;

I wish to apologize most sincerely for not sending you before the draft of the minutes which were taken by me at the last meeting on June 9, 1936.

Enclosed you will find the draft of the minutes. I would deeply appreciate if you would let me know whether these minutes meet with your approval. If there are any changes to be made, please return them to me with your corrections. Should this draft however be approved by you, would you kindly send a copy to Professor Roerich, who I am confident would appreciate it.

With best greetings, I am,

Very sincerely yours,
