Dear Mrs. Lichtmann:

Mrs. Seidel has just sent me your new address. I must let you know how wonderful you all are. The way you carry on in the face of obstacles - Bless you! I only wish that I, and most other people, had your singleness of purpose and calm certainty.

What an unhappy mess the world is in - one wonders if it can become worse -

Mrs. Seidel has told me that Prof. and Mme. Roerich are well, and that George and Svetih are in Europe. See this sounds good, and right. It would be wonderful if you could find time to send me more news, both of them and of yourselves.

With my very kindest regards to yourself and Mr. Lichtmann, and to Miss Grant -- also to Don and the other boys -- when you see them.

Most sincerely yours,
