

C O P Y

GENERAL FEDERATION OF WOMEN'S CLUBS

DEPARTMENT OF FINE ARTS

Sept. 22, 1931.

Miss Frances R. Grant
Roerich Museum
310 Riverside Drive
New York City

Dear Miss Grant:

Your letter of recent date, together with material in regard to the "Roerich Banner of Peace" has been received and carefully noted.

Yes, I remember very well that the General Federation endorsed the "Banner of Peace" at the Convention in Phoenix, Arizona. I have talked with Mrs. Green in regard to it and have referred to it at every opportunity when talking of our Fine Arts to the club women.

It is quite interesting that you should be a Chairman of the Literature in New York state and also Vice-President of the Roerich Museum. As you suggest, I find that the work of International Relations has several points of contact with that of the Fine Arts and I am most happy to point out this connection wherever the opportunity presents. I found this was true at the Convention in Arizona and spoke of it in my report.

I am sure you will find the Fine Arts Department very happy to cooperate in every way in all efforts to create better understanding among all peoples through furthering the love and appreciation of the fine things of life, no matter where they may be found.

With thanks for your interest and looking forward to meeting you.

Cordially yours,

Signed: Margaret G. Harder.

Mrs. William N. Harder
