My dear Yoreya,

For some time I have wanted to write to you to acknowledge your hearty letter, your album of photographs, the beautiful message about our late Mr Lusin and your several notes. Please accept my heartiest thanks for all your sendings which Logan and myself both deeply appreciate.

Your article, including the special page for close friends, on Mr Lusin was written with sincere and loving sentiment and it was my great pleasure to read it to a select group, all of whom were ^{greatly} impressed with the beauty of his life and devotion to Hierarchy which you feelingly expressed. We were all deeply grieved at the loss of such a devoted coworker who dedicated himself to the Highest Service.

The album of photos brought us much pleasure, I treasure each one for all the loving memories they evoke. Many many thanks!

Now I am in Moriah with the dear children, a photo of whom I am enclosing. I will send more this summer when I get some good ones. You would enjoy the endless questions of Flavio and the charm + friendliness of Oriol. It was so cold here in Moriah ^{last winter} that almost all of my rose bushes froze and this is a great loss to me. There was one month when it was constantly 30 below freezing. What extremes are being manifested!

To-day I heard the good news that the Judge signed the order for reorganization. This is a great victory. The experience gained in this battle is unfor-

gettable and thrilling.

We were delighted to read about the great reception and honors rendered to our beloved Father, no doubt you have received some clippings there. It was such a great joy to have our dear Father and George with us, even tho' for such a brief time.

We miss our dear Ojona very much, she was such a loyal and devoted sister and friend, but we are happy that she is able to be in the Ashram. What a blessed privilege to be able to live and work in such a glorious atmosphere. No doubt Sumo is very busy with his many researches and activities.

I am so grateful for the pages of Fiery World which were sent. they are tremendous! The "Heart" will be ready any day - what a joy to see these books go out into the world. How I wish the others would follow shortly.

I am wondering if our beloved Mother is comfortable this summer and whether the trip to Pahoul will be necessary. I hope it will not be too warm in Naggar.

Thank you, dear Yarny, for all your notes and lovely thoughts. We are with you in thought and spirit, and joyously send our hearty love and greetings to you in the great service.
As ever faithfully
Por.
