Dear Sir,

Your letter of January 26th is to hand. Prof. de Roerich thanks you for your kind interest and requests you in view of your offering of your services to the Institute to send us a complete curriculum vitae, also references and testimonials, as customary.

It was interesting to hear that you have met friends in Belgrade & Bulgaria, and we shall be very glad to hear the names or addresses of persons you have met, as we have heard of several groups in Belgrade and the Balkans, and cannot gather from your letter whom you have seen.

We are sending you enclosed some particulars of the Institute etc, as requested.

In anticipation of your reply,

Yours truly
