Dear Mr. Tagore,

On November 18th Prof. Roerich replied to your letter of the 12th addressed to Colonel A.E. Mahon regarding his and Mr. Svetoslav Roerich's exhibition.

I am writing to say that Prof. Roerich is awaiting a reply to various questions inquired and since it takes twelve days for letters to turn over between here and Calcutta, we would appreciate to have your answer as early as possible.

The paintings can reach Calcutta about the end of January, thus the exhibition could be planned for early February. Since it would take you some time to print the invitations and catalogues, an early reply will oblige.

With the letter a parcel of literature was sent - please let us know whether same reached you safely. - it was sent registered.

Yours sincerely

V. Shibayev
