Dear Sir,

Prof. de Roerich was very pleased to receive your letter of the 22nd and to learn that you respond so enthusiastically to his movement for the protection of cultural treasures. Prof. de Roerich is sending you a Banner as you request. May I add that for the present you may use it in a private capacity, until a formal agreement between the countries shall be established similarly to the Red Cross Flag. Should you like to join the Convention, as you write, there are several classes of membership open from \$2 (ordinary members), \$10 sustaining members, \$25 patrons and \$100 founders.

We also enclose a postcard reproduction of Prof. de Roerich's painting dedicated to the Convention.

Kindly acknowledge receipt.

Cordially yours,
