MESSAGE OF
SVETOSLAV ROERICH

ON THE OCCASION OF AN EXHIBITION OF BATIKS
AND PAINTINGS BY MR. & MRS. BALU.

We were very happy to see today the new Batiks and Paintings by Mrs. Shakuntala Balu and Mr. V. Balu.

It is always rewarding to see an artist's progress, his experiments with new approaches and the mastery over new techniques. Both the artists have made considerable strides since their last exhibits and we are sure they will give us in the future many more occasions to rejoice.

Though working together each one in his/her own respective field, they have not visibly influenced each other and follow their own personal mode of expression.

We wish them both every success.

10th December 1970.
