Infinite are the Paths by which Humanity tries to approach and realise the Realms of the Spirit. What more Beautiful and inspiring task than the striving towards the lofty concepts of self-perfection and self Realisation.

Mr.T.N.Natesan has very aptly chosen the name "UDAYA DEEPAM" for his collection of essays and devotional writings through which he expresses his own aspirations and meditations and which he casts into Beautiful Thought - Images.

We are grateful to him for this collection of writings containing many inspiring thoughts and hope these happy Tidings will bring new awareness to all those who will come in contact with them and kindle the bright flames of Hope, Joy and Fulfillment in many a striving and searching heart.
