

- 1) The President-Founder's address for the Anniversary of Urusvati Himalayan Research Institute of Roerich Museum was concluded with the following call:

"Thus we enter the next (fourth) year in full realization that our work is undeferrably needed, that the field of activity has been selected rightly and that the sympathy of friends and widest cultural circles promises a mighty expansion of the constructions for general usefulness. There, where there is such general usefulness, we shall not withdraw and we shall keep (uphold) that enthusiasm which turns all obstacles into radiant possibilities".

- 2) Prof. de Roerich financed the Lahul archaeological ~~xxx~~ linguistic and ethnographic expeditions.
- 3) ~~Prof. de~~ ^{& Mme} Roerich donated an additional plot of land for extension of the Institute's buildings in connection with the Biochemical Laboratory constructions.
- 4) Prof. de Roerich donated his paintings "Panteleimon - The Healer" postcard reproductions of which are sold for the Biochemical Laboratory Fund. Also the proceeds from the reproduction of "Agni Yoga" for the general Urusvati Fund, and proceeds from his book "REALM of LIGHT", in English and Russian, for the Biochemical and Cancer Research Fund.
- 5) Prof. de Roerich donated a great many books and objects of local ethnography to the Institute.
- 6) Prof. de Roerich laid the foundation to the TIBETICA SERIES publications, by donating Rs:100 to start this Fund.
