The Scientific Instrument Co Ltd
26 Central Avenue
Calcutta.

Dear Sirs,

I need some glass tubes, something in the nature of very short and very thick test tubes with corks, for collecting beetles, scorpions etc. in spirit. Can you supply the two sizes as per enclosed sketch and what is price per dozen? Can safe packing for postal delivery by VP to here, be assured?

If you do not stock such or similar glass tubes, you may perhaps have something like the tubular glass bottles with cork and alluminium screw lid (as used for pills in medicine) or if you do not stock these, you may perhaps kindly furnish an address of manufacturers.

I enclose 1 anna stamp for reply and thank you in anticipation of your early letter,

Yours very truly

Dear Sir,

Re:- Your letter dated the 27th. Aug., 1929.

We understand from the descriptions that
Corks and Specimen tubes as detailed in the attached sheet
would serve your purpose. Will you please let us know by
return of post quantity and size actually required. These
tubes can be sent by Postal parcel.

Awaiting your valued orders,

We remain, Dear Sir,

Yours faithfully,

Encl:- Leaflet for
specimen tubes, &
corks.

For THE SCIENTIFIC INSTRUMENT CO. LTD.

SPECIMEN TUBES

All dimensions given for Specimen Tubes are outside measurements.

Our Specimen Tubes are all manufactured and packed in our own establishment.

The glass we have selected for these tubes is a clear white glass and sufficiently thick for the purpose for which these tubes are used.

Length in inches.	Diameter in inches.

The Manager
Scientific Instrument Co Ltd
Calcutta

Dear Sir,

Yesterday I received your parcel, and I was much suprizd, expecting a parcel of 6-7 Rs, to have to pay Rs:14/3. However I did not refuse acceptance, and paid the amount, firstly because I did not want you to waste heavy postages and secondly as I needed the items.

On opening the parcel, I found 3 funnels instead of 1 funnel ordered (see my letter of Sept 17, where I clearly wrote: glass funnel, diam 100 mm, 7 annas), then 700 Filter paper instead of "packet of 100 for 12 annas" ordered, and 200 Filter paper 7 cm instead of "pcket of 100 for 3 as" ordered. Thus also the postage was very much in excess of the small packet ordered.

Whilst I will keep the 3 funnels, because they may break in the mail and would require heavy packing, I yet have no use for this large supply of filter paper and have therefore returned to you to day by reg parcel:

6 pkts Filter paper 19 cm	value	4/14/-
1 pck " " 7 cm	"	5 as
Postage both way		2/3/-
	Total	Rs 7/5/-

which amount kindly acknowledge to my favor. I do not require it returned to me as I intend ordering more from you in the near future, e.g. size C Automatic Bunsen Burner. I have received your letter of the 28th Sept this morning, but unfortunately you do not give me the requested particulars about this apparatus, which I would like to have before ordering it. Please let me know at your earliest convenience: 1) Does the price 16/8 include reservoir, adjustable burner, tripod, ring, flexible metallic tube? 2) how long is this cord

tube? How big the reservoir? is it guaranteed to be safe (fire and explosion proof)? On receipt of your reply, I expect to order it. Please also let me know

Dear Sir,

I have received this morning your despatch as per your packing list Serial number 825, reg. number 675, dated 17th-10-1929, but regret to state that on unpacking the box there were NO CORKS for the small specimen tubes 2"x1", of which there were 6 doz, although in your packing list it is stated that these tubes were sent WITH CORKS.

Seeing that the test tubes are useless to me without the corks and seeing that I need them very much I request you to send me the missing corks AS SOON AS POSSIBLE, 6 dozen for the quarter inch tubes.

Awaiting your early delivery
Yours very truly

II (second lot)

Please send the following well packed in wooden case, marked "Glass, with Great Care", by Railway VP to, the "Clive Transport Co Ltd., Pathankote (for V. Shibayev, Waggar, Kulu, Punjab)". This company has received instructions to accept your parcel, honor the VP payment and pay railway freight.

1 lb	Pure Hydrochloric Acid	1. 8.-
1 lb	Pure Sulphuric Acid	1. 6.-
1 lb	Pure Nitric Acid	1. 8.-
	(please pack these 3 bottles very softly in straw, etc. in strong wooden box and please the whole box in the middle of the outer wooden case)	
332	1 doz. Reagent bottles Capacity 8 pz., narrow mouthed with glass stoppers	5. -.-
332	1 doz. Reagent bottles, Capacity 16 oz. narrow mouthed with glass stoppers	3. 8.-
	(Please pack these 12 bottles also carefully in soft packing and in small cases also to be placed inside the outer large wooden box)	
367	2 RETORT STANDS, (iron, with 2 rings, one clamp and boss head, 22" each) @ 2/-	4/-/-
368	1 extra clamp, cork lined with double boss	1/-/-
370	1 Test Tube Stand with draining pegs, for 12 tubes	1/-/-
320/321	1 pair of 6" bar magnets with keepers in case (please pack magnets in soft material, as magnets loose magnetism when hit).	1/-/-

Rs 19/14/-

I trust you will fulfill above orders carefully and as soon as possible. Please advise me of all despatched, sending me a copy of the invoice.

PLEASE DO NOT MARK with case "Acid", as this may put off the motor company, but please label the case clearly in big letters: "GLASS WITH GREAT CARE", this will do. I have already given them instructions to handle the case carefully.

Awaiting to hear from you and thinking you in anticipation, yours very truly

P.S. Do you stock pure cedar oil as used for microscopic work, and if so at what price?

Dear Sir,

Re:- Your letter dated Octr. 4, 1929.

We beg to enclose herewith a credit note
for the goods returned.

Regarding the Automatic Bunsen Burner,

I give here the particulars wanted :

- (1) The price of Rs 16/8/- includes reservoir, adjustable burner, tripod, ring, and -flexible metallic tube.
- (2) The metallic tube is 5 ft. long. The capacity of the reservoir is about 2 pints.
- (3) This burner has been in use in various laboratories throughout the world for a very very long time, and has been found perfectly satisfactory causing no disturbance. We have so far heard of no case of explosion or fire in using this burner.
- (4) The reservoir is of metal, and there is arrangement preventing fire lighting back into the reservoir.

We reproduce below the specifications given
in standard catalogs describing this burner.

P. T. O.

The Scientific Instrument Co., Ltd.,
CALCUTTA.

Page 2nd.

To Mr. V. Shibayeff.

PUNJUB.

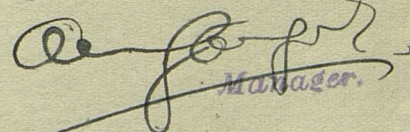

Lamp, Bunsen Burner, for methylated spirit. The burner is connected with a reservoir suspended 3 ft. higher by a tube through which the spirit flows automatically to the burner where it is vaporized and burnt. Perfectly non-smoking flame and somewhat hotter than the flame of the ordinary Bunsen Gas burner. Two sizes stocked. Size B burns with full flame about 1 litre of methylated spirit in 5 hours and size C in 10 hours.

PRICE :- Size B equivalent to 2 Bunsen burners with tripod, ring and flexible metallic tubingRs 20. 0. 0.
Size C " " 1 Bunsen burner " ..Rs 16. 8. 0.

Yours faithfully,

Encl:- Credit note.

Nov 8 1929

The Manager
Scientific Instrument Co., Ltd
36 Central Avenue
Calcutta

Dear Sir,

With reference to my letter of Oct. 4th, I much regret that a month having passed, I have not received your reply in this matter.

I have had to arrange myself temporary in other ways as regards the automatic Bunsen burner, and although I am still interested in the details concerning this apparatus, I have now to request you to refund me the overcharge by M.O., deducting postal costs of transmitting same.

In anticipation of your early reply and m.o.

Yours very truly

WAGGAR
Kulu
Punjab

Nov 9 1929

The Manager
Scientific and Technical Workshop
35 Lahore Road
Lahore.

Dear Sir,

I acknowledge with thanks receipt of the two postal parcels as per your Bill 237 of the 4th inst. and trust the railway parcel will also be soon to hand. Rs:23/4 was paid for postal parcels per V.P. and all contents of these two parcels found as ordered.

I regret however to have to inform you that the 50ccm burette with glass stop cock was broken at the stop cock end, much to my disappointment as I needed it very much. The breakage was due to the unsatisfactory packing of this long glass tube, which should have been wrapped in corrugated cardboard paper, and not merely in thin paper, as it was apparently broken by the heavy glass rod packed with it. I have to request you to substitute this as soon as possible, free of charge, but I will be satisfied with a 25 ccm Mohr's Burette (instead of 50 ccm), also with glass stop cock, as I find that this would be big enough to suit my purpose, and for you will be easier to pack. But kindly have it wrapped in corrugated cardboard paper, and only then into wood-wool.

Although you wrote me on October 16th that "the prices in our latest price price list, are subject to 10% discount", I was much surprised to see from your bill that you omitted to deduct this amount (about four Rupees) and I request you to kindly deduct this from my next bill. As it happens I require some few more things which please send me by VPOST, (WELL PACKED in Box), deducting the said amount.

I need:

- 236 2 Test Tube Holders, @ 4 Annas
- 255 Crucible tongs, black iron, bow, 4 Annas
- 273 1 Pipette, graduated throughout, 10 cc 8 Annas
- 283 1 Wall Thermometer, Mercury, Fahrenheit 12 Annas
- 287 1 Chemical Thermometer, Centigrade, 110°, grad. on Stem, 14 Annas
- 294 1 Clinical Thermometer, German 1/2 Minute, 8 Annas

*Rs. 20/-
Bottles 100/-
15, 94 Meer City*

I am glad to state that I am otherwise satisfied with the quality and service, and hope to place my future orders with you. I am also interested in the following articles about which I could find no, (or very few) particulars in your price list, and should you stock same as well (as I expect you undoubtedly do, according to your letter paper), I shall be glad to have pricelists for these articles as well:

small magneto generators, small dinamos (6V, 5A), house telephones complete, geissler tubes, medical coils, miniature lamp fittings, small screws and nuts, very small screwdrivers (for watches and such like fine work), spiral steel springs (small), small bevel and worm gears, brass terminals, etc. If you do not stock such goods, could you please recommend me some electrical supply store in Lahore. As regards cedar wood oil, your price of Rs:12/- seems very high, as I used to pay at an expensive chemist's store in S. M. A. only 8 Annas per oz. Is there no error in your quotation?

Do you stock medical injection syringes, and if so at what price the cheapest, as the glass syringe you sent (at 4 Annas) does not work quite accurately for my purpose. If you have a medical syringe at say Rs 1/- (not exceeding) and perhaps graduated you may send one.

Have you tweezers, rustless steel, nicked, one pair with sharp points, one pair with broad points (for picking up small weights and other small objects). If you have these, and not exceeding 8 Annas each pair, please send one sharp pointed, one broad pointed.

Thanking you in anticipation of your early delivery and reply

Nov 12 1929

Dear Sirs,

I am in receipt of your letter of the 6th inst. in reply to mine of Oct. 4th. and thank you for the particulars about the Automatic Bunsen Burner. I regret however, as written you already a few days ago, I have made different arrangements in the meantime, not having had a reply from you for so long, but your particulars interest me and I expect I will buy this burner later on.

In the meantime I request you to send the credit amount of Rs:7/5/- by order thru the post, at my expense, to my address as above (as per your credit memorandum of October 30th, invoice number 473), and oblige

Dear Sir,
We are in receipt of your
of Nov 9th 1929, for which we thank
you very much. We are sorry to
hear that Burette 50 cc has found broken.
It was packed up carefully, but we
think this damage is due by the rough
handling of Postal authorities. We are
not prepared to replace it. You
see that we have kept a very little
margin of profit in our business.
One thing we can do either we allow
10% Commission on part or can replace
the breakage up. We are now sending
you in the next parcel one Burette
of 25 cc & have changed in the bill
& we have allowed 10% discount
on this in the bill & have added

SCIENTIFIC & TECHNICAL WORKSHOP

THE PURNAB SCIENCE INSTITUTE

Moran Tal Road

1934

the item of last discount, which was not shown
by our mistake. Total amount thus 3-14-0 plus -10/-
Total £4/8 have been deducted from this bill.

All thermometers of superior quality has been sent &
the same price -12/- are charged & the parcel has
been sent to your address by V. P. post. We are
sorely that we do not stock the goods you require
but can supply you on the following scale
getting a very little margin of profit say
about 5% each. If you accept these prices
than we can send these goods to Karachi
because here there is no such big firm
dealing in these goods. As for Cedar wood oil
we are sorry that we cannot reduce the price
this is our wholesale price if you can get it
at under -18/- per oz than it is alright.

Lahore.

Dear Sirs,

I thank you for your letter of the 13th ult.
No:565, contents of which I have noted and accept.
I am also glad to say that all the goods have arrived
in best condition, though I was horrified at first to
see that the burette and pipette were not even wrapped,
despite my request, but I am glad nothing was broken.

Please send me by VPOST, WELL PACKED, in
small box, as mail is very roughly handled by postal
runners up hill here,

1 medical Injection syringe

Rs:1/-

No:822 One very powerful horse shoe magnet with keeper
6", price 8 Annas.

More later. Thanking you in anticipation of
your early delivery,

Yours very truly,

43

Dec 28 1929

Messrs The Scientific & Techn. Workshop
Rohan Lal Road
Lahore.

Dear Sirs,

I wrote to you on the 5th inst.
requesting you to send me by VPOST (well
packed as mail is very roughly handled
by postal runners up hill here)

1 medical syringe for injection Rs:1/-
as per your letter and rates
of the 12th Nov.

1 very powerful Horse shoe magnet, with
keeper, 6", price 8 As.

but regret I have not heard from you nor
received the parcel. I shall be grateful
if you would send it to me at your earliest
possible convenience.

Yours very truly,

Please also include in same parcel, and please have things VERY CAREFULLY PACKED IN WOODEN CASE:

- 1 zinc rod for Leclanche Bell Cell
about 7 inch long
- 1 Porus pot with complete insides, including carbon terminal. for same Leclanche cell. About 7½ inch long

(As a matter of fact I need almost a complete Lanclanche cell, except glass jar which I have and except the outer ammon.liquid.)

I note the complete cell costs 2/4, but it is heavy for the post, and glass may break so I want the insides only, and please deduct cost of glass jar.

Yours very truly

The Manager,
Scientific and Technical Workshop
Lahore.

Dear Sirs,

With reference to your letter
No:565 of the 13th Nov. and annexed
quotation for miniature lamp holders
at 8 Annas each, please send by VPOST
(well packed to protect from breakage
in post, which is very roughly handled
up hill here)

3 miniature lamp holders (to take
ordinary size lamps as used in
pocket electric lamp at 2.5 V)
as 8 Annas each.

These are very urgently wanted and I
shall be obliged for immediate despatch.
If you have a small switch can be used
bells or small 2-5 V currents, or a
miniature tumbler, to suit the same pur-
pose, please add one, but it should not
cost more than 8-10 Annas for this purpose
it doesn't matter whether it is a two or
three way switch and it can even be un-
mounted.

Feb 16 1930

Messrs The Scientific & Technical Workshop
Lahore.

Dear Sirs,

I am need of some weights, from 1oz, 1 oz, 2oz, 4oz, 8oz, 1 lb and perhaps also 2 lbs. the small ones in brass, the 1 lb and 2 lb may be iron. If this is the "Set of pound weights" referred to in your catalogue under number 409, for Rs:1/-, I shall be glad if you would kindly send me such a set by V.P.POST. If this is a different set, then I shall be glad for your description of it, or for the price of a set as I above described it.

Please also send 1 set fraction weight, No:407, 1 mlg to 500 mlg. 8 As and 2 electric bells No:906, @ 1/4 as previously supplied.

With reference to your No:768, Newton's disc, I do not require the complete stand, but the colored paper disc only, do you supply this separately, and at what price.

Please further add 1 Nog482 hand scales, in box, 6 inch beam, flat pan, with set of grain weights, 12 Annas.

Please pack everything very care-

-2-

fully as mail is very roughly handled here, especially the heavy weights should not break the other things in transport.

Thanking you in anticipation of your early delivery

Yours very truly,

P.S. With reference to your No:409, should these begin with say 4 oz only, you may perhaps supply the extra weights which I need (3oz, 1 oz & 2 oz in brass) at a small extra charge.

Lahore.

Dear Sir,

I thank you for your letter No:483 of the
25th inst. and for the parcel received.

Please send by V.P.POST (WELL packed as mail is very
roughly handled up hill here):

No:409 1 set of iron weight, 1oz to 1 lb (please do not
send the 2 lb weight, as it would greatly and
unnecessary increase the postage expenses, I will
willtake it some time later, when ordering some
thing by rail). Rs:1/-

No:768 1 NEWTON DISC ONLY, as offered 8 Annas

4 more miniature lamp fittings as previously
supplied. Brass

" 425 2 small glass funnel, 2 1/2" @ 4 Annas

Please pack well, but please do not use such an oversize
box as last time, as half the postage was thus unnecessary
wasted.

As I am urgently in need of these above items, I re-
quest you very much to send the parcel AS SOON AS POSSIBLE
BY RETURN MAIL.

Thanking you in anticipation of your
early delivery

Dear Sir,
*We thank you very much
for your order dated 5th April 1930
for 1 set of Weights $\frac{1}{4}$ oz to 2 lb. The
same has been sent — per V. P. Pass
& the Invoice is herewith enclosed.
We have got mercury in stock & can
supply you @ Rs 6/- per lb. The
previous set which was supplied to you
was without 2 lb weight — i.e. $\frac{1}{4}$ oz to 1 lb
& we charged you -/10/- instead of 6/-
hence the extra 2 lb weight — is not
yours. Wherefore it has not been sent
you the consideration also that it would
be much expensive rather yours truly

Dear Sir,

In continuation of our
bill No-48 of 5-5-30 for Rs 22/-
we regret to inform you that
the addition of 18/- six items
have been made by our mistake
hence we have today instructed
the Post office to deliver the V.P.
letter to you against payment
of Rs 12/11/- instead of Rs 22/8/-
if not already delivered.
If you have taken the delivery
then the excess money will be
credited to your a/c. Hoping
to be served. Yours faithfully

Dear Sirs,

There has been an error in your charging me for the last Railway Receipt with Rs:22/8 instead of 12/1, and I have now received your postcard of the 7th inst. No:654 explaining this error on your part. Since I have already paid the V.P. in full, there is consequently an amount of Rs:10/7 to my favour with you. Please send the following items by REG parcel post, AS SOON AS POSSIBLE, as they are very urgently required, and please keep the balance to my favour, informing me how much is left. Please pack CAREFULLY in wooden box, as mail is very roughly handled. by the way, please pack in a FLAT (not round monocoil)

No:350 1 set of 6 cork borers 1/8
No:774 1 doz. ASSORTED different coloured Glass plates 3/-
No:481 2 pencil for writing on glass. @ 6 Annas each
No:482 2 hand scales in box, with set of grain weights, @ 12 Annas
? 1 small Geissler tube, purple color preferred (or green, but no other), please pack with special care
No:609 2 pieces of rubber, 6"x6" @ 6 Annas
No:841 1 piece of silk coated with amalgam 8 Annas
No:238 1 Sup.Qual.Glass retort, stoppered, 8 oz.size 1/-
Should the above amount to more than my credit balance, then please collect the remainder by V.P.POST. Please deduct 10% discount from bill as usual.

May 31 1930

Messrs The Scientific and Technical Workshop
Lahore.

Dear Sirs,

For storing reptiles in formalhydrate we require a copper (nothing but pure copper) container and we hope that we can have one made by your workshop. The size required is

length 3 feet
width 2 "
height 2 "

and the copper has to be of appropriate thickness that the container is strong enough to be handled when full with liquid; on the top, (in the middle) there must be fixed a 6-inch airtight (or at least very tight, leakage proof) round threaded screw cap, either with inside threading, or otherwise in form of a short neck with threaded screw lid, whatever may be easier to make.

Please let me know as soon as possible whether you can make the above, at what cost, and in what time. The container being ready it will have to be sent in a strong wooden box by passenger train to Jogindarnagar, N.W.RY to the Clive Transport Co., for delivery to Kulu.

In case you are unable to make such a container, we shall be obliged for an address in Lahore or Amritsar of a reliable quick firm who can supply or make such a container.

I may add that the adges and corner should preferably be made round, viz. the corners and edges not too sharp.

Thanking you in anticipation of your early reply
Yours v. truly

Rev. Bunsen

Dear Sirs,

We are in receipt of your parcel as per your outward packing list 165/4 of the 9th inst., for which we thank you, but we much regret to find that some parts were omitted in the packing. Your catalogue stated: "complete with tripod and ring and flexible tubing", whereas we received no tripod, nor ring and without these we cannot use the burner. We also note from the illustration that there are several nozzles for the bunsen burner to go with the complete set, but we receive none.

We further request you to kindly send us a complete instruction for use, as the copy we received has half the bottom page torn away, and since we see that "heating and lighting" is so important an item, we would not handle the burner until we have complete instructions. If you have no spare instruction list, we shall request you to send us a typewritten copy at least.

Thanking you in anticipation of your early reply and adjustment as regards the missing parts

Yours very truly,

Shelley

Dear Sir,

With reference to your esteemed
order dated the 14th inst. we have to inform you
that we have executed the specimen tubes and
funnel by Registered post to-day. The
metal double wall funnel holder, as per
your description and sketch, could not be
supplied as this is neither in our stock nor
available in the market. We can however,
supply you the same kind of funnel by the
middle of October from a fresh consignment
which is on the way.

May we therefore keep your
order pending till then.

Awaiting your further Command,
Yours faithfully,

Research Institute Post Naggar, Kulu.

Dear Sir,

With reference to your letter dated 18.10.30.

The amount of Rs.2/12 charged by us, is a Box and packing charges, but not the V.P.P. postage etc. We enclose herewith our bill for the same, which we hope will suit you. As regards Carbon Bisulphide, we beg to inform you that we can supply you from our stock as much as you desire @ 1/12 per pound.

Thanking you in anticipation and assuring you of our best services at all times.

Awaiting your further commands which will receive our best attention.

Yours Faithfully,
For the Upper India Scientific Works.

Hashim

NAGGAR, Kulu, Punjab

Oct. 28, 1930

Messrs The Upper India Scientific Works
Lahore.

Dear Sirs,

We are in receipt of your letter of the 23rd inst.
contents of which has been noted.

We regret however that your catalogue, chemical list and
price list have not reached us, none being enclosed in your letter
as stated. We shall be obliged if you will kindly send them as soon
as possible.

Please also send by V.P. POST, Well packed in wooden
box, as mail is very roughly handled in the hills here:

1 bottle (1 lb) CARBON BISULPHIDE at 1/12.

Thanking you in anticipation of your early delivery

Yours very truly

P.S. The copper container has since been received, but we have to
inform you that one of the long nails driven through the side of
box, had pierced the container right through. But we had this soldered
without difficulty. We may require another such container, and shall
be obliged if you will quote us for the brass turning lid only (with
ring), which we could then order by post, as the despatch by rail
motor and mules up to the hills here, is too lengthy and expensive.
Please therefore quote for the lid only (with screw ring), the rest
could be made here.

()

Dear Sirs,

In the meantime, please send by V.P. POST, as there is no other convenient mode of transport up in the hills here, and please pack well, to prevent breakage and loss (preferably in a wooden box at our charge)

As the above is all urgent, we shall be obliged for despatch by return of post, and thank you in anticipation of same

Dec. 14th 1930

The Manager
The Upper India Scientific Works
Chamberlain Rd, Bharat Buildings.
L a h o r e .

Dear Sir,

With reference to your Chemical and Physical Appartusses Catalogue, please send by V.P.POST, MOST CAREFULLY PACKED, in one or several wooden boxes:

Page #
24 101 1 set of Analytical Weights, (c) nickel plated, from 1 milli-gram to 200 gr. price Rs:22/-

#93b Laboratory balance, levelling screws, plump bob, beam support double hook, capacity 250 Price Rs:38/- AS ILLUSTRATED on back cover page of your Price List B.

28 134 3 Zeal $\frac{1}{4}$ minute CLINICAL Thermometers, best English magnifying improved pattern. at 1/4

1 gross Microscopical cover glasses white, superior qual.

1 gross microscopical slides " " "

We further require a first class good microscope, and referring to your Biological Apparatus Catalogue, we find there a Spencer Microscope 44H, which would be what we need, but we would rather prefer a LEITZ of exactly the same construction. The main features should be: triple nose piece, Abbe condenser, oil immersion lense, and it should be suitable not only for general medical laboratory and for bacteriological work, but also for Haemocytometer work without the use of cover glass, as described in the Spencer 44H model, at the end of page 8. Since you advertise that you also stock LEITZ, we hope you may have a model in stock, and request your complete descriptive leaflet, and quotation of price. In general we would like to have your pricelist for the Biological Apparatus Catalogue, as no prices are contained in it. The order of the microscope is most urgent, and we request your quotation by return and will then wire you the order, which should then

sent, if a suitable microscope will be offered by you, by V.P.POST.
most carefully packed, on account of the bad handling in the
 hill mail.

Awaiting your early reply and delivery of the other
 part of our order,

Yours very truly

Secretary.

P.S. As it is customary that scientific and educational Institution
 receive a discount, and as we receive such from all other suppliers
 we trust that you also will allow us a discount on our orders and
 shall be glad to hear what % you can allow off your price lists?

Dec. 27th 1930

The Upper India Scientific Works
Lahore.

Dear Sirs.

We are in receipt of the catalogue and your letter of the 17th inst. #L.O.220. We regret that the price list for the Biology Catalogue was however not found enclosed and we shall be glad if you will kindly send us one.

With regard to our enquiry about microscopes, we have now chosen E. LEITZ Diagnostic and Dark Field Work Microscope, Stand G, style "GUROS" (page 64) for Rs:330/14/-, complete as described. We regret to note that you do not reply to our enquiry what discounts you are willing to allow us, and it is also not clear whether you have all the microscopes mentioned in the catalogue in stock in Lahore (or at least in India) as we cannot wait for it to be sent from abroad. We therefore request you to write us by return (cable address: Roerich Naggar) what maximum discount you can allow and when delivery can be made, so that we may confirm our order. If the microscope in question is not in stock, then please let us know what nearest model you can supply immediately.

Awaiting your reply by return wire

Geological

NAGGAR, Kulu, Punjab

Jan. 12th, 1931

The Upper India Scientific Works
Chamberlain Rd.
Bharat Buildings
Lahore.

Dear Sirs,

We thank you for your letter of the 6th inst. quoting prices for meteorological instruments. Please send the following by V.P. POST, well and carefully packed, at your own or insurance's risk, as we must insist on having them delivered here in good order and unbroken:

- 1 Maximum and Minimum Thermometer Rs 6
- 1 Sun Dial (with correction scale for each day of the year)
suitable for 32°10', Rs 20
- 1 Wind wane (with speed indicator) Rs:12
- 1 Syphon Barometer, (with vernier reading) Rs 20

If the rain gauge which you offer for Rs:5/8 is METRIC, then please also send one, AN INCH RAINGAUGE is to hand and not required

Please also send a catalogue or pricelist of geological instruments available from stock, with all prices.

With regard to the 3 Zeal thermometers recently receivedm one thermometer was received broken. It must have been sent like this without checking, because all other thermometers were packed in paper inside the tube, whereas this had no paper packing whatsoever, so has apparently already been handled.

The following articles had been ordered about a month ago, but since they have not reached us yet, we must presume that our letter has not reached you. Please therefore send by return the following:

- 50 cc Acetic Acid (strong)
- 100 cc Methyl violet (stain) solids or prepared).
- 100 cc Wright's or Romanovski's stain for blood in solids or prepared.
- 1 tin Epsom salt
- 100 grms Bismuth subnitricum
- 1 small tin Dermatol.

P.T.O.

Please take best care in packing.

Thanking you in anticipation of your early deliveries

Yours very truly,

Secretary

P.S. If any of the items are out of stock, then please send whatever you have now, informing us of what is out of stock.

Enclosure:

1 Thermometer returned).

The pricelist for your biological apparatuses catalogue is still not to hand

Dear Sir,

With reference to your letter of the 27th
Nov. 31, we regret that Pyrex beakers are just now
entirely out of stock. We have therefore sent you Jena
Beakers of the size you require, as you wanted ~~more~~ ^{them}
urgently.

We think these will also serve you well. We
beg to enclose our bill. In view of increase ^{owing to} in
costs, high exchange and increase in customs duty
we regret we are unable to allow any discount on these
prices.

Yours Faithfully.

With reference to your letter dated
26. 11. 31 we are sorry to say that we
cannot supply you the articles you have
mentioned at the rates quoted by you
as the custom duties on the German imported
articles have been raised by 25%.
If you want to get the articles at the
25% higher rates quoted by you, we can
supply you. Also we beg to point out
that we not in stock 10 doz Reagent
Bottles of 4 oz. Capacity, we can supply
the bottles about 6 dozens. We have a lot
of 8 oz. Capacity Reagent Bottle, if you wish
we can supply those. Thanking you

Yours faithfully
Ran Lal
for Manager.

NAGGAR, Kulu, Punjab

Dec. 10, 1931

Messrs Upper India Scientific Works,
Chamberlain Road
Lahore.

Dear Sirs,

Please send by V.P. POST

15 lbs of Glacial Acetic Acid (at 12 Annas per lb)

carefully packed in two or three postal parcels in wooden case.

Please also send by PASSENGER train to Kulu outagency, North-
Western Railway (via Jogindarnagar)

2 doz reagent bottles 2 oz. wide mouth, white glass (169b 2/14) doz.
10 doz. reagent bottles 4 oz. white, wide mouth (169c 4/-)
4 oz Hydrofluoric Acid

Please send as soon as possible. In case the glacial acid cannot
be sent by post, please send it also by PASSENGER train, but
post reaching us twice as quickly, we would prefer post, if possible.

Please send us the railway receipt by V.P. Post,
also adding your last bill for beakers, as it is far more conve-
nient for us to pay by V.P., than arranging M.O. through the
Post.

In anticipation of your early reply and delivery
Yours very truly

Secretary.

Dec.31 1931

Messrs The Upper India Scientific Works
Chamberlain Road
LAHORE

Dear Sirs,

Please send by V.P.POST as soon
as possible

5 lbs Calcium carbonate precip. at 6 Annas
per lb

3 oz Calcium Carbonate Iceland spar
at 1/- per lb.

Should your prices now be slightly highly,
anyhow please send them by a sure messenger
with delay.

Yours very truly

V. Shibayev.

NAGGAR, Kulu, Punjab
Jan. 20 1932

Messrs The Upper India Scientific Work
Lahore

Dear Sirs,

Please send by V.P.POST, as soon as possible the articles as in the enclosed list. Please pack well to avoid damage en route.

With reference to the Calcium Carbonas Precipitatae which we had ordered from you last time, we have to state that what you sent us was ordinary chalk, but not precipitated carbonate of calcium, the latter being white and of a microscopically crystalline structure. The price you charged us was however not that for common chalk. When we order chemicals for research work, we expect to be supplied with exactly the article ordered and not with inferior substitutes. We shall appreciate if you will kindly let us know how such error has occurred.

Yours very truly

Secretary.

LAHORE, 9. 2. 193 2
(British India)

The Secretary,
Himalayan Research Institute,
Naggar, Kulu. (pb)

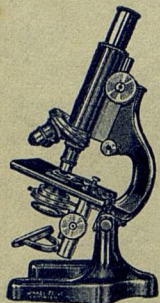

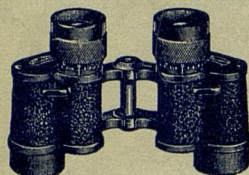

Dear Sir,

Ref: Your letter dated 20th. Jan. 32.

We have the honour to say that the Calcium Carbonas supplied is not ordinary Chalk but pure precipitated chalk. Of course it is not of Merck because it was not mentioned clearly in your indent and therefore it is possible that it is not giving satisfactory results. Moreover we have charged -/8/- per lb while the price of Merck's precipitated chalk is -/12/- lb. However we very much regret the mistake and in case it is of no use it may be returned if it is not very expensive to do so. In future we will take special precaution to see that the articles of the ~~the~~ best quality are supplied to you.

We further beg to say that the goods have been despatched but by mistake instead of Sal Ammonia 5 lbs Ammonia sulphate has been sent which may please be returned at our cost if it is of no use to you. The Sal Ammonia will be sent to you along with the goods which ~~are~~ still to follow.

Acid - We have not got in stock pure reagent Hydrochloric and fuming nitric Acid. We can supply extra

& OTHER ACCESSORIES.

pure Merck's Acids.

We further beg to point out that the Railway Authorities do not accept acids for Kulu. We can book them to Joginder Naggar, ~~Out Agency~~.

5 lbs. Sublimed Sulphur Merck. We regret

it is not in stock but in case you want it **hardly** we shall
try to procure it for you from some other place.

On hearing from you the goods will be despatched
The bill is enclosed herewith for the goods sent per V.P.P.

Please accept and oblige.

Yours Faithfully,
FOR THE UPPER INDIA SCIENTIFIC WORKS.

LAHORE

Dear Sirs,

Please send by quickest way by rail to the Kulu Outagency,
North Western Railway (via Jogindarnagar NW Ry) the following chemicals
well packed

3 bottles of 1 lb each best pure Merck's Hydrochloric Acid, HCl .

2 bottles of 1 lb each best pure Merck's Nitric Acid HNO_3 .

1 lb. pure iron sulphate (FeS)

And please also let us know whether you stock simple reflecting (tracing)
levels (for example Lawrence and Mayo's or Abney's) and if so at what
price. We understand these are good for drainage levelling and cost about
Rs:50 to 60. If you do not stock this can you recommend a reliable firm
in Lahore that stocks them.

Yours faithfully,

Secretary
Ursvati Himalayan Research Institute
NAGGAR P.O., Kulu, Punjab.

Kulu - Punjab

Messrs The Upeer India Scientific Works
Near Municipal Market
LAHORE

Dear Sirs,

Please supply urgently by railway parcel, securely packed, and railway receipt sent by V.P. POST to Naggar:

1 lb. Acid Hydrochloric. purest Merck, Reagent (which used to cost Rs:1/12/-)

5 bottles of 1 lb. each Ether Sulphuric (best Merck) distilled
on Sodium. (which used to cost Rs:2/4)

4 oz. Oil of Cinnamon (at 6 Annas p.oz.)

8 oz. oil of Nutmeg. (at 12 Annas p.oz.)

The above quoted prices were taken from your old catalogue and may be different now. Anyhow please supply at present current prices, best quality.

The case should be addressed to "The Secretary, Urusvati Himalayan Research Institute, Naggar" and the railway receipt be made out to KULU-SULTANPUR OUT-AGENCY NORTH WESTERN RAILWAY, via Jogidannagar.

At the same time please also quote whether you stock fire-resisting glass flasks, WIDE MOUTH (as per small sketch attached) of 2 Liter each and if so at what price. If not, what is the nearest and largest size available in WIDE-MOUTH fire-proof flasks (Pyrex if available).

In anticipation of your early delivery and also of your early quotation for the flasks

Yours faithfully,

Dear Sir,

We are in receipt of your letter & are
surprised to note its contents.

On the receipt of your indent we wrote you
that Acid Hydrochlorid pure reagent type Merck was not
in stock & asked you if we could supply you extra pure
merck quality.

We have been waiting for the reply, till we
got your letter dated 20-11-34. The letter must have been
misdelivered & we are really sorry ~~to say~~ that you
have been put to great inconvenience.

Kindly let us know if you still want these
goods.

We once more beg to be apologised & hope
you will favour us with your patronage.
