To The Bureau of
Foreign Seed and Plant Introduction.
Dept. of Agriculture.
WASHINGTON, D.C.
U.S.A.

Jan. 31, 1931.

Dear Sirs,

I beg to advise the despatch of one postal
parcel of SEEDS of HIMALAYAN FLORA, which the Himalayan
Research Institute is happy to donate to your Institution
for experimental purposes.

Please let us know of the safe arrival of
the parcel.

Yours faithfully,

gR.

Director.

FOREIGN PLANT INTRODUCTION

July 13, 1931.

file

Dr. Georges de Roerich, Director,
Urusvati,
Himalayan Research Institute of the
Roerich Museum,
Naggar, Kulu,
Punjab, British India.

Dear Sir:

In going through our records we fail to find that acknowledgment was made of your letter of Jan. 31, advising us of the despatch of a collection of seeds of Himalayan flora. We trust you will forgive this oversight. The seed arrived in good condition on March 18 and we are very grateful indeed for your kindness in sending it forward. We have also today acknowledged the collection to Dr. Walter Koelz at the Institute.

Very sincerely yours,

W. E. Whitehouse

W. E. Whitehouse,
Horticulturist Acting in Charge.
