My dear Dr. Arny:

Allow me the pleasure of introducing Mrs. M. Lichtmann, Vice President of the Himalayan Research Institute of the Roerich Museum, which is undertaking important botanical and pharmaceutical research.

Mrs. Lichtman wishes to enlist the leading manufacturers to support the Institute and I told her of your success in securing help from twenty manufacturers and promised that I would ask you to advise her the best way of approaching them.

I earnestly hope you will advise her and if you think a letter from me to the manufacturers would be helpful, I shall be glad to write such a letter.

Yours very sincerely,
