Dear Sir,

We thank you for your order of 14th inst., and beg to advise despatch of those items marked on the enclosed invoice. With regard to the remainder we would say that:

- Item 1717 - Das: Contributions, was already sold;  
" 1720 - " Indian Pandits, " " " ;  
" 1747 - Georgii: Alphabetum Tibetanum, is in the binders' hands but will follow in a few days;  
" 1851 - Potanin: Tangutsko-Tibetskaya, was already sold;  
" 1858 - Pozdneef: Mongolskaia Letopis, we will send with No. 1747;  
" 1881 - Riasanovsky: Customary Law of the Mongol Tribes. The copy listed was already sold, but another is on the way to us and we hope to be able to supply within 3-4 weeks.

With reference to your request that you should pay this account by instalments, this would be agreeable to us, and we would suggest that you might be able to pay it over a period of six months from the date of invoice, in which case perhaps you could send us about half the amount due within a week or two of receipt of the books and the balance in two further instalments.

Trusting these terms meet with your approval, and assuring you of our best attention,

We are,  
Yours faithfully,

PARIS (XV), France.

Dear Sir,

We thank you for your order of March 10th for seven items from our catalogue XVI, but regret that four of these were already sold when your order reached us. The following items, however, have been sent to you C/o Dr. George Chklaver, in Paris:—

No. 1860: Pozdneef - Utchebnik tibetskoi meditsiny Vol. I.  
No. 1868: Radloff - Atlas der Alterthümer der Mongolei;  
No. 1925: Tibet - Description du Tibet.

With regard to the four books which were sold we would say that it may be possible to obtain another copy of Baddeley's Russia, Mongolia, China, but we fear we shall not be able to get one at the same price as the copy catalogued.

It may be possible for us to get another copy of No. 1859: Pozdneef - Story of a Pilgrimage in Tibet, and we will try to report a copy of this to Paris.

We do not think we can get the other two items again.

Perhaps you would be good enough to let us know whether your address:

Naggar,  
Kulu,  
Punjab,  
India,

will find you for reports of these books if they turn up at a later date ?

At your service,

Dear Sir,

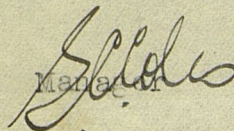

In answer to your letter of November 28th, we would say that we hope you have now received our letter of October 28th, advising despatch of Baddeley's book, acknowledging receipt of your note for Fcs.1000.- (£8) and advising that the books by Moule, Suzuki and Baur had been sent to Paris. These books were sent to Paris on the 3rd October, and as you were still in Paris on the 10th October, we think you should have received them before you left. We trust they have now come to hand.

The Baddeley was sent to India as you requested, and we hope you have since received it, and have remitted to us its full price as promised. When this book was offered for cash on receipt, we naturally expected to get cash from Paris, and in any case we expected that you would send us a cheque in full payment not later than your arrival in India. Our profit on the transaction was only about 5%, and as the amount has been outstanding over two months now, you will see that there is practically no profit in it for us.

At the same time our Headquarters point out that your account amounts to £54.8.9, and as money is very scarce at the present time, we should be greatly obliged if you could see your way to send us an early cheque for a part of the old account, as well as payment for the Baddeley.

Always at your service, we are,

Yours faithfully,

Dear Sir,

We thank you for your letter of December 16th, and have sent you Childe's "The Bronze Age", as requested.

We have ordered Bousset's "Hauptprobleme der Gnosis", and hope that we shall be able to send this to you very shortly.

Baur's "Das Manichaische Religionssystem" and the books by Moule and Suzuki were sent to you in Paris, as we advised in our last letter. We cannot understand why they have not been forwarded on to you. We have written to the Bankers Trust, Place Vendome 1, Paris, asking them to forward to you immediately the books by Moule, Suzuki and Baur, which were sent you in October.

We have not yet received the sum of £23 from the Bank of India, but we will acknowledge it when it arrives.

Yours faithfully,

Dear Sir,

I am in receipt of your letter of the 1st instant. I hope you are in receipt of the Demand Draft send through the Imperial Bank of India, and covering the cost of Baddeley. I have agreed to remit the cost of the book, as soon as it will be received here. The book was received by the end of November, and I, myself, arrived to Naggar on the 11th of December. I trust the matter is now settled.

With regards to the books by Moule, Suzuki and Baur, I have to state that they were detained by the Paris Customs for over two months, and reached me only recently. It is advisable to send books / if weight permits / by registered post, as ordinary book parcels are subject to Customs examinations and may be detained for a long period.

A further Demand Draft will be forwarded to you by the end of this month. I hope you have received my previous letters and are forwarding the books mentioned in them.

Dear Sirs,

We acknowledge receipt of your letter of January 16th inquiring about two packets sent by you to Dr. George Roerich, in our care, on October 3rd.

According to our records, Dr. Roerich handed us his address in India on October 10th, and we cannot find trace of any packets being received by registered or first-class mail. Due to the amount of mail we handle we keep no record of second class mail received in our care, so it is possible that the above mentioned books were forwarded to India, but you will realize that we cannot be certain of it.

Holding ourselves at your disposal, we remain,

Dear Sir,

We thank you for your letter of May 12th, together with your order for several out-of-print books. We shall be pleased to keep a look out for these and try and secure them for you.

We would point out, however, that your account at present amounts to £62.9s.6d. and we think that this should be very considerably reduced before you ask us to send you further books. We shall be obliged, therefore, if you will let us have a cheque for the greater part of this by return. The large number of such credit accounts that we have to carry forms a serious handicap to business when they are not paid promptly.

We have already purchased copies of your book published by the Seminarium Kondakovianum, and it is listed in our current catalogue XIX, copy of which was sent to you some two or three weeks ago.

Yours faithfully,

Dear Sirs,

I am in receipt of your letter of the 3rd inst, and note what you have to say regarding my Account with your Firm. I hope, I made it clear in my first letter to you of February, 1930, that it was only possible for me to buy books on an instalment basis. To this you agreed, and since that date I did my best to meet my obligations. The Money Draft of L 10/- announced in my letters of June 10th & 14th has been forwarded to you, and you should have received it by now. Another Draft amounting to L 15/- is being sent to you now, thus leaving a balance of L 37/9/- which will be covered in due course. I hope there will be no delay in the sending of books ordered in my letter of June 10th. In case not in stock, please order them.

I have to thank you for listing my recent book in your current Catalogue. Another book by myself on the Reerich Central Asiatic Expedition is being published by the Yale University Press, and will be ready by the beginning of August. Particulars can be obtained from the Oxford Press.

Yours faithfully,

Dear Sir,

We thank you for your letter of 27th June, and beg to advise that we have now received the two drafts advised therein, for £10 and £15 respectively. These we have duly placed to the credit of your account, leaving a balance due at the end of July of £37.9s.6d.

We quite realise that we agreed that you should pay for your purchases by instalments, but it was not our intention that the account should run to such a large figure unless the instalments were larger and more regular. Our Directors think that £50 is the limit to which the account should go, and that, on this basis, you should promise to send us a remittance of at least £10 each month. We think you will quite understand that we ourselves have to pay cash on delivery for a number of the books you order. Although we are anxious to oblige our clients, therefore, we cannot allow accounts to run on indefinitely. If you will agree to let us have regular remittances, as suggested above, we think you will find us quite reasonable.

The various orders you sent us are now in hand, and we will send you a number of books by next mail.

Assuring you of our best attention,

We beg to remain,  
Yours faithfully,

Dear Sir,

We beg to present herewith our statement showing a balance due from the end of the March quarter, £40.8s.2d. You will remember that we offered some-time ago, to let your account run to £50, on the condition you send us at least £10 per month, but we would point out that nothing has been received since February 26th, nearly two months ago. As trading conditions are getting considerably worse, and money very much tighter, we fear we must ask you to let us have a further substantial sum on account.

The total amount of money in our overdue accounts is now very considerable, and is causing us some embarrassment. While we wish to oblige our regular customers in every way, we find it necessary to press for payment on account of the heavy disbursements which we have to make.

We trust that you will appreciate our position, and will let us have at least £30 by return mail.

Yours faithfully,

Dear Sir,

We thank you for your recent remittance of £10, a receipt for which has already been sent you.

We are now forwarding you two further books which you had ordered from us, and our invoice for these is enclosed herewith.

This now brings the total of your account to nearly £35. Some time ago we promised that we would give you credit up to £50 conditional on your paying £10 each month, and we thank you for the remittances which you have sent us under these conditions. We much regret, however, that circumstances are so altered since we made the proposal that we are reluctantly compelled to withdraw the facilities offered you. You will readily understand, we believe, that with money as tight as it is at present it is not possible to give credit so generously as we would in normal times. We would ask you, therefore, kindly to reduce the amount of £35 as soon as possible, either by a large payment or by more frequent remittances, to something under £10. We trust that you will oblige us by agreeing to this request. Were it not for the fact that we are pressed for money to meet our obligations and that our sales are necessarily diminished, due to the present world conditions, we should not, of course, make the proposal to you.

Yours faithfully,

Dear Sir,

We are in receipt of your letter of 23rd January, for which we thank you. We duly received your recent remittance of £8, which sum has been placed to the credit of your account.

There is now a balance due to us of £20. 10s. 5d.; and we would refer you to our letter of 12th July last, in which we asked you to be kind enough to reduce the amount to something under £10. We would repeat the observations made in that letter, namely that we are grateful to you for the way in which you have continued to send us a remittance every month or so, thus reducing the account to its present level, but that conditions have so altered during the past twelve months that we are unable to extend the same credit facilities as we would in normal times. Sales are considerably diminished, as you will realise. Consequently, with our turnover smaller, our profits are considerably less and we have no spare capital for long credits. We need all that is due to us within a few months of charging, so that we in turn may meet our own obligations. We should be very glad, therefore, if you would give this matter your earnest consideration, and would remit to us as soon as possible about £15. When this arrives, we shall be pleased to send you the three items asked for in your letter of 23rd ult.

Dr. G. de Roerich.

*10th June 1st.*

Your letter of June 15th has also reached us, in which you make a further reference to a remittance of £5, but only one such sum has been received by us recently, and at the end of June your account stood at £15.10s.5d.

We are sending you a copy of our own publication, Allen: A History of the Georgian People, but in view of the very difficult times through which we are now passing, and of the fact that we shall have to pay within a month for the several foreign publications for which you ask - in the case of Asia Major a matter of several pounds - we feel that we must ask you to send a further remittance of at least £5 before further books can be sent. Should the £5 mentioned in your letter of June 15th be a second instalment we shall of course at once proceed to send you some of the other books which you require.

The work by Thomas: History of Buddhist Thought, is not yet published, but we have noted that you require a copy, and matters being satisfactorily arranged, we will send you one as soon as it is ready.

Yours faithfully,

Dear Sir,

We thank you for your letter of January 8th, and would say that we have not answered your previous offers of books because we find that the prices which you ask for these items are much too high. In some cases your information is not correct, and possibly you are not au fait with the revised prices operating in England, nor with the fact that with secondhand books for which the sale is problematical, the bookseller must have a very considerable margin. It is quite a frequent occurrence to write off the cost of expensive books, and except where books are unique, this factor has to be borne in mind when purchasing.

Watters: On Yuan Chwangs Travels, which you mark as out of print, is available new at 25/-; our best price for a good secondhand copy would be 10/-.

(All prices which we mention, are inclusive of postage.)

Chavannes: Mémoire sur les religieux éminents, is out of print but worth nothing like £2.---. With the franc as it is today we should not care to give more than 20/- for this work.

The other books on this list do not interest us,

-2-

but we make the following offers from your letter of August 27th last .. (prices are inclusive of postage.)

Masudi: Les Prairies d'or. 9 vols. Presuming to be clean and perfect. £6. -- --

Nicholson: The Mathnawi of Jalal. 4 vols. Presuming to be Text I, II and Translation III, IV. <sup>this</sup> £1.15s.

Segalen: Mission archéologique en Chine, vols. I and II, being the two volumes of the Atlas. £1.10s.--d

Blochot: Musulman Painting. 10s.--d

Mathews: Chinese-English Dictionary 2 vols. £1.--  
(Your price of £3. for this is quite out of the question; we can buy it new in London for 30/- to 35/-, dependent on the current rate of exchange.)

Our offer is made on the presumption that the books are clean and perfect, and the bindings in good condition,

Dear Sir,

We have duly received the four books from you by Banerjee, Forke, Strztgowski and Stein. We agree the price of £1.7s.6d. for three of the items, but of Stein's Memoir we have only received the text volume. Our offer was conditional on it having the separate atlas of maps that goes with it, and the text volume on its own is of no use to us. It is moreover bound upside down, which fact was not noted in your letter. We hold it at your disposal.

After deducting the value of the three books mentioned above, £1.7s.6d. there remains a balance of £6.4s.11d. due to us. Some of this has been due for over two years, and we must insist on an immediate cash payment in settlement of this account, otherwise we shall take other steps for the collection of this very old debt.

I wish to acknowledge receipt of your letter of the 9th March, 1939.

With reference to my subscription to the "Survey of Persian Art" I wish to state that it was my impression that the subscription was payable after the delivery of all the seven volumes of the Survey. In your letter of the 3rd February 1939 you wrote, that the subscription unless paid in advance "will be regarded as cancelled". I therefore asked you by letter of the 27th February 1939 to consider my subscription as cancelled.

I am sending you by draft the remaining balance of 1.5.0.

Dear Sir,

We thank you for your letter of the 15th inst. and have duly received your cheque for £1.5s.- which has been placed to your credit in settlement of your old account.

Regarding the question of survey of Persian Art, we would point out that our letter of 3rd February was intended to indicate that the subscription price of eighteen guineas could not be held open unless the subscription was paid by return, as we requested. It does not alter the fact that you placed an order for the book. No undertaking was given by the publishers that the whole work would be published at once, and with a subscription to a book in several volumes, as with a subscription to a periodical, payment is due actually before any parts or volumes are sent.

As it so happens, since we wrote to you we have had delivery of the remaining three volumes of the main work, and there only remains the Index - an 8vo volume - and the Bibliography to be published. We cannot see, therefore, that you have any valid reason for seeking to cancel your subscription.

Yours faithfully,
