Dear Sir,

In reply to yours of Dec.29th we have sent you the books ordered. A copy of Radloff's "Turkish Dictionary" consists of 24 parts; but our copy lacks Parts 4, 5, 6, 12, 21, 22, 23, and 24. The price of our set is £3 10s. We may say that a complete copy is very expensive and also almost impossible to find.

Dear Sir,

In reply to your order of Jan.6th we have sent you the books mentioned on the enclosed invoices. You order "Ostasiatische Leitschrift" Vol.6 heft 3/4; will you please inform us if you want the old or the new Series. We note that you do not wish to purchase the complete set at the price of £60. As a matter of fact this is rather cheap compared with the prices that have been asked of us. Regarding the list of Russian books and the articles from various German Journals, we are doing our best to get these. Hermann: "Die Verkehrswege zwischen China" and Gunter: "Buddha" we hope to send shortly. The draft advised by you has not yet been received from the Bank.

Dear Sir,

In all your letters you advise further remittances but the only remittance we have received was £10 which we acknowledged to you last March. We have sent you a great number of books and the total due to us now is about £70, and although we do not doubt your probity, we must really ask you to favour us with a substantial remittance before we can send any more books. The position is that we have to pay for these books promptly and without unlimited capital we cannot do this, unless we ourselves are paid promptly.

Dear Sirs.

Your letter of May 28th must have been written a few days before receiving my Draft amounting to L 10/and forwarded from Lahere on May IIth. You must have noticed that most of my letters to you weresent air-mail and reach you twice as fast as erdinary mail. It takes from five to six weeks for a Mency Draft to reach London, hance the apparent delays. It has been my practice to forw ward new drafts on hearing from you about the receipt of the previous draft. Your letter of March 28th acknowledging the receipt of my draft of March 3rd was received here on the 30th of April, and on May IIth a new draft of I 10/- was ferwarded to you by ordinary mail. I hope it has safely reached its destination. The Second of Exchange are kept by me here in case of less on route. In view of our II years dealings, I am much surprised to find the ward "Prebity" mentioned in your letter. During my last visit to Lendon. I hope I made myself clear that it was only possible for me to buy books on instalments. If this arrangement does not suit your please retenveknswehymyeelf aftermat, 28th canbeldate of knowndest letter/. The new remaining sum of L 60/- due to you will be then covered in three instalments of L 20/- each. Meanwhile a further Draft of L I5/- is being forwarded to you, and must reach you by the end of July. This will leave a balance of L 45/to be covered in two instalments if the above arrangement is accepted, and found more prefitable.

Yours faithfully.

Dear Sir.

We have received your letter and noted what you say regarding remittances. We are expecting shortly to send you some more books which are being bound for you and any others that we can find of those asked for by you. We note you seem to object to our using the word "probity," but if you look at our letter, you will see that we simply stated that we did not doubt your probity. We are perfectly willing to do all we possibly can to get any books you require but, as mentioned in our letter before, unless we ourselves can get fairly prompt payment for our accounts. we find ourselves in an awkward position, not having unlimited capital.

Dear Sir,

In reply to yours of Oct.6th, we are sorry to inform you that the Journal IBIS containing the articles you want is out of print. We are, therefore, unable to supply.

In reply to yours of the 28th ult., your book "Trails of Inmost Asia" has not yet been published. We note your bank is sending us a further draft of £10. Would it not be possible for you to give them instructions to send us a cheque regularly every month so that we could count on this and know that the amount owing will be definitely reduced by a certain date?

We have sent you the book Hosie: Manchuria as the book is in our stock but the two German books you order, we are not sending as these we shall have to purchase and as we have already explained, we cannot purchase books for which we have to pay promptly unless we can rely on receiving fairly

early payment ourselves. Bell: Religions of Tibet is not yet published and the copy we had of Younghusband: India and Tibet has been already sold. Dear Sir,

We have received your letter of June 13th ordering certain books. We are afraid that we really must stop sending books to you until you reduce the amount of your account which is still as much as it was twelve months ago, as your remittances only cover the current sendings.

Business is extremely bad and difficult at the present time, and we positively cannot afford to keep on buying in books if we do not ourselves get paid fairly promptly for them.

Trusting to receive your kind remittance by return,

Dear Sir,

We have duly received your kind remittance of £15.0.0 for which we thank you.

We have sent you some more books and enclose the invoice for same and hope to send some more in a few days.

We are afraid it will not be possible to send all the books you order as we think a fair way to treat the matter is to reckon £10.0.0 of the money sent as in reduction of your outstanding account and sending you books to the value approximately of £5.0.0. This is the only way, apparently, in which the amount owing to us can be reduced, and as we have previously explained it is not possible for us to keep on buying books unless we are able to get payment for books previously supplied.

Such part2 does not exist and is not intended for print, since the JOURNAL was started in the second half of 1931 and vol. I therefore consists of but a half-annual issue, which had the number "part 1". In 1932, as well as for the next issue, both semi-annual parts are issued as one double volume, and are therefore called Vol. II and Vol. III. Perhaps the indication part 1 on Vol. I may seem misleading and we have therefore obliterated it, but we may add that vol. I is a half-annual issue (second half of 1931) and costs 0.75 c having but about 100 pp, whereas both Vol. II and III
