Dear Mr. Shibaev,

Mr. Milner, Director of Agriculture, and I are up here on a short visit and wish to do ourselves the pleasure of calling this afternoon, if convenient to you all. We go to Mansli tomorrow and back to Gullampur the day after, so I hope this afternoon will not be inconvenient.

I had the pleasure of meeting Professor Rorick and the family some three years ago with my brother and sister and perhaps you may remember us.

I understand you have got a wonderful collection of the birds of the valley and as I have always been very interested in birds generally, and the Raptores in particular, I should very much like to see your collection if I may?

Yours sincerely
C. H. Small

I am so sorry
that Part III is
missing. I

may come across
it, & if so will
send it on.
