My dear Mr. Shibayeff.

We were delighted to get the wonderful "Roerich Museum Journal" of Urusvati Himalayan Research Institute Vol. II and beg you to kindly tender our heartiest thanks to The Director for the most welcome gift, as the copy arrived "with the Director's Compliments." It happened Mr. T. Tyson, Supt. Punjab Govt. Printing, ^{Lahore} was with us when the journal reached here, and from that moment seized it to devour its contents & finally to express his admiration for the excellent matter contained in it, and the splendid lay-out of letter press & photographs by the Printers, who he knows as owners of perhaps the best & equipped private Press in India.

As we shall be having a number of Paying guests during the season - military Officers chiefly - I would very much like to have always at hand the Institutes Journals in the library for the ^{use and} edification of our visitors & would therefore be glad to know the terms & conditions on which I could be admitted as a subscriber, as in time to come a collection of the Journals

will be a most valuable addition
to Scientists, Geographers etc: interested
in our remote Valley.

Within the next ten
days I shall be sending up some
nice ripe Strawberries. Raspberries
are also flowering profusely, & the Corn
"Golden Bantam" is well above ground
so you see that my garden is slightly
ahead of its neighbours.

With sincerest & heartiest
greetings from my wife & myself to
all.

Yours very sincerely
Ernest Ince

Dear Secretary,

Very many thanks for the most interesting copy of the Journal of Ursuvati Himalayan Research Institute.

I am certain I will very much enjoy reading its contents, at present my friend Captain Lowndes, Royal Garhwal Rifles, I.A. who is staying with me is reading it as he is very interested in it. He is a keen Botanist and Naturalist.

Again very many thanks for so kindly sending me the Journal. Please very kindly convey my gratitude and thanks to the Director also for the Journal.

Yours sincerely.
