Dear Sirs,

It gives me great pleasure to send thru Mrs
W. Horch as a little token of my very deep feelings to the
Institute

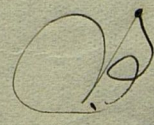

1 set of 36 Lantern Slides on Kulu & Lahoul

for favor of kind acceptance for the use of the Institute.

Circumstances permitting, I shall be very glad to send a con-
year
tinuation next, and should there be any special wishes as to
the subjects of interest to the New-York Office, I shall most
gladly endeavor to do my best to secure such slides, on hearing
of what would be of special interest.

Please accept my very best wishes for the Institute

Very sincerely yours

Secretary
to Prof. N. Roerich.
