Dear Sir,

In the first place let me thank you for the copies of your museum report and journal. I found them very interesting.

This has been a busy season and I have not been able to write a brief report until now of our cosmic ray expedition to Ladakh. For the past few days illness in the family has kept me at home and given me time to get at this work. I am sorry to be so late but perhaps if you find it suitable you can print it in a later number for the material for Vol. III must have already gone to press.

Yours faithfully,

J. M. Benade.

Dear Sir,

I have to acknowledge receipt of your letter of the 19th inst. enclosing your interesting account of the Cosmic Ray Expedition to Ladakh. Fortunately it arrived just in time to be sent to the printers for the forthcoming volume of the JOURNAL. Off-prints of the article will be sent to you, when ready.

Thanking you for your contribution,

Sincerely,
Sincerely,
Sincerely,

Director.

Dear Sir,

It gives me much pleasure to send you under separate cover Vol. III of our JOURNAL together with a reprint of your article. This is from advance stock, and as soon as the full stock will be received here by rail from Calcutta, we shall send you the balance of your reprints (14) and a second copy of our Journal.

I take this opportunity to thank you once more for your interesting contribution to our Journal.

Yours sincerely

Director.

Dear Prof. Benade ,

We have just received an inquiry from a friend of
our in Paris, who was very interested to read your article
in our Journal Vol. III and who would very much like to
know whether you have published any works or articles on
your Cosmic Ray Researches and if so what are their titles
and where are they available.

If you will very kindly address your reply to us
here at Naggar, we shall be glad to forward it to Paris.

In anticipation of your reply, with best wishes

Yours sincerely,
