Dear Sirs:

I am interested in the developement, history, and present status of the Urusvati Institute. More particularly, if you would care to tell me, I would like to know the names of the Director, and members of the staff specializing in botany, zoology, folklore, and pharmacology and medicine.

I would also like to know if the Institute is at this time doing any publishing, conducting any expeditions, etc.

Finally, I would like to have any reference as to sources which give details of the biography of Dr. Nicholas Roerich. All I know of his is thru his own writings, the newspapers, and news magazines.

Yours very truly

George M. Hocking

We have received your inquiry regarding development of the Urusvati Institute, its members and staff specialists in botany, medicine etc. and its present work.

Activities of the Institute are being concentrated at present at the Urusvati Headquarters in India, and we suggest that you direct your inquiry over there where you may secure more accurate information.

In response to your inquiry regarding the bibliography of Professor Nicholas Roerich we are ~~unfortunately unable to send you a copy of the book~~ sending under separate cover a booklet on this subject which is quite complete. (1936 Karachi - yellow - was sent)
